

Attachment 2: **Proof of Installation**

This document outlines the required information the Project Management Team needs for a Program Recipient to receive reimbursement for the installation costs incurred.

Proof of installation of each charger will be confirmed in one or more of the following ways:

- a. Email the Project Management Team to confirm that you have successfully installed all charging hardware according to local rules, regulations, and safety standards.
- b. Provide photographs of parking space/area showing placement of the charger
- c. Review of all invoices and receipts submitted

Additionally, each charger's Serial Number and EVSE ID must be forwarded to the Program Administrator to ensure proper warranty registration. This information can be found on the right side of the charger, as seen below.

All documentation, receipts, and invoices are to be submitted electronically via email and sent to: EVChargingExpansionProjectAdmin@porsche.us.
